## YOUTH HELD FOR THEFT OF OUTFIT

**William Swezey, 17, of Greensburg,  
Paroled From Greensburg,  
Will be Sent Here**

## ARRESTED AT SHELBYVILLE

**Accused of Stealing Horse and  
Buggy Belonging to Lon Keis-  
ling at Fair Grounds**

William Swezey, 17 years old, of Greensburg, is under arrest there charged with the theft of a horse and buggy, the property of Lon Keisling, a prominent farmer of Richland township. The outfit was taken Wednesday afternoon from the Rush county fair grounds.

Swezey was arrested last night in Shelbyville, where he was picked up in a drunken condition, following word from Greensburg that he was wanted. Swezey had disposed of the property and it was largely through the people he had sold the outfit to that the officers found out who did the stealing. Swezey today stoutly denied his guilt, but according to Chief of Police W. I. Johnson of Greensburg, the officers have him with the goods.

The horse was sold to Adolph Keiser, a liveryman of Batesville and the harness was disposed of to Fred Myer, also of Batesville. The buggy was sold to a man in Newport. According to the officers, Swezey obtained but \$44 for the entire outfit. He purchased a new suit of clothes and then went on to Greensburg where he proceeded to get on a good drunk.

Last night he succeeded in eluding the Greensburg police and got into Shelbyville. Swezey was chased out of the Big Four yards in Greensburg and took a traction car to Shelbyville. He had hardly landed there before he was arrested by Policeman Elmer Mark. Swezey put up a hard fight but was finally landed in jail.

Before leaving Greensburg he engaged in a fist fight with his cousin, Arthur Swezey. It was largely because of this fight that the police there wanted him, but developments showed that he was also wanted on a graver charge.

Chief Johnson stated today that Keiser, owner of the Batesville livery stable knew Swezey and would identify him as the man who sold him Keisling's horse. Chief Johnson is claiming the reward of \$50 offered by Keisling. Swezey is wanted in Decatur county on charges of petit larceny in connection with some chicken stealing, but it was stated this afternoon that he would be turned over to Rush county on the charge of horse stealing.

Swezey is known to the Greensburg police as a bad boy. He has served a term in the Indiana Boys' school and was paroled from this institution about six weeks ago. Mr. Keisling went to Batesville this afternoon to identify his property.

## COAT AND MONEY STOLEN

**J. Q. Whitton Reports Theft at Fair  
Ground to Police.**

J. Q. Whitton, son of Mr. and Mrs. J. R. Whitton, 220 West Fourth street, reported to the police that his coat, containing a small amount of change, was stolen at the fair ground yesterday. He said that he was standing along the fence watching the races and when he turned to pick up his coat it was gone.

## THREATENS TO "GET EVEN"

**G. Carlton Guy Compelled to Pay  
\$30 for Showing Here This Week**

Officials unearthed an old state law which compelled the Guy Players, here this week under a tent at the ball park, to pay \$5 a performance for the right to show here. G. C. Guy paid \$30 for six performances to the county but threatened to "get even." He employed an attorney and said he intended to compel other shows to pay the same fee. The payment was made under a very old law which has not been enforced for years. Under this old law all fees collected by the county for show licenses goes to the fair association, according to county officials.

## CURT GOSNELL IS SERIOUSLY HURT

**Former Rushville Reinsman Thrown  
to Track While Working at  
Cleveland, Ohio.**

## LOCAL PHYSICIAN IS CALLED

Curt Gosnell, former Rush county fast horse driver, lies seriously hurt in St. Alexis hospital in Cleveland, O., suffering from the effects of serious injuries which he sustained yesterday at the North Randal track while working out the pacing mare, Hazel Armstrong.

Dr. Lowell M. Green left last night for Cleveland, to treat Mr. Gosnell's injuries, having been called there for that purpose.

Mr. Gosnell is suffering with a broken arm and collar bone and a fractured skull. Latest dispatches said he had not yet regained consciousness. It was stated that little would be known about his condition until today sometime.

Mr. Gosnell was thrown on the track when the pacer was frightened by her own shadow and leaped to one side.

## MRS. ANN BOWLES BREAKS HER ARM

**One of Oldest Women in County, Ex-  
ceptionally Active for Her Age,  
Falls at Her Home.**

## AT COUNTY FAIR WEDNESDAY

Mrs. Ann Bowles of Milroy, age 96 years, probably the oldest woman in the county, suffered a broken right arm last night in a fall. Mrs. Bowles missed one of the steps leading to her house and fell, alighting on her arm. Both bones were fractured just above her wrist and for a time it was believed the hip bone was broken, but this proved to be only a bad bruise.

Mrs. Bowles has been quite active and on Wednesday attended the county fair. She has never missed a Rush county fair. Her eyesight is exceptionally good and she has done a great deal of fancy work of late years. Mrs. Bowles is an aunt of John Boyd of Jersey City.

Private telephone lines have been installed to the homes of Ora Logan and James Stiers. The number of the Logan phone is 3276 and at the Stiers home, 3376.

John K. Tompkins is very ill at his home in West Third street.

## DAY BIDS FAIR TO BE EQUAL OF ANY

**Close of Rush County Fair Promised  
to Come up to Previous Re-  
cords Set on Friday of Fair**

## THURSDAY'S CROWD, 10,000

**Attention Centered Today on Parade  
of Premium Stock and Get-  
away Racing Card**

The closing day of the Rush county fair promised to be the equal of any ever held, with the weather as favorable as it has been any day during this year's fair—which is saying a good deal because the fair board has had the co-operation of the weather man all the way.

Attention centered this morning on the showing of light harness horses and roadsters in the small ring and the big parade of premium stock on the race track. There was more interest in these two classes for horses than in any other showing during the fair.

The races this afternoon bid fair to be the equal of any day in the week. In fact, it is doubtful if any card held more interest because there was another road race to be run this afternoon. The trot on Tuesday went to five heats and it was freely predicted that the pace this afternoon would continue as long before a decision was reached. The 2:17 pace, the stake race for the \$500 purse, and the 2:20 trot were the other events on the get-away card.

A crowd conservatively estimated at ten thousand people was on the ground Thursday—the big day of the fair. The treasurer of the fair reported that more money was taken in at the gates than on Thursday of last year.

The amphitheater was well filled with people who enjoyed the race program that continued until nearly seven o'clock. A large display of daylight fireworks also helped entertain the crowd during the afternoon.

Harry Moeller of Cleveland, who is giving the free attractions in the amphitheater this year, entertained with several acrobatic stunts and sang with the band accompaniment. He also arranged boys' dancing and yelling contests, much to the amusement of the crowd. The boys danced individually and then all together. They also yelled, one at a time, and then yelled the same thing together.

Moeller allowed the crowd to judge who should have the cash prize in each contest and the people made it almost unanimous for Julian Hughes, small son of Mr. and Mrs. Tom Hughes of 806 North Arthur street, in both events.

Another ostrich race was to be staged this afternoon for the amusement of the crowd. It was announced that William Knecht would drive the pony to set the pace for the bird speedster. More daylight fireworks were also promised for this afternoon.

The concession people all did a good business yesterday because the temperature was high enough to cause people to want soft drinks. The dancing pavilion was also well patronized.

The fair board has been complimented this year for the automobile display which was arranged on the west hill. The automobile firms and agents was given free space in order to encourage the displays and very creditable ones have been made.

Merom—Today was democratic day at the Merom chautauqua. James E. Watson will be the speaker tomorrow—Republican day.

## ASKS COURT TO CONSTRUE WILL

**Howard E. Barrett, Executor Named  
by Late Solomon Furry, Wants  
Judge's Ruling on Points**

## TO SETTLE WIDOW'S ESTATE

**Executor Alleges George Seeley, who  
Assigned His Interests, is  
Now Claiming a Share**

A suit asking the court to construe the will of the late Solomon Furry was filed today in circuit court by Howard E. Barrett, as executor of the will. The suit is directed against Birchard H. Morford, William E. Morford, Nancy M. Selin, Irene Manlove, Solomon Morford, Mary Morford, Hazel Caldwell, John Morford, George Seeley, Thomas S. Bishop, Cora Bishop, Josiah Bishop, and Howard E. Barrett, trustee for Mary C. Morford.

Under conditions arising since the death of Nancy Furry, widow of Solomon Furry, it is necessary to get a construction on the will of Solomon Furry before the estate of Mrs. Furry can be settled. Under the terms of the will of the late Mr. Furry he left the sum of \$5,000 to Mary C. Morford, who was reared by the Furrys' to be held in trust by Mr. Barrett as trustee. She was to receive the income from this money and the trustee was empowered to use the money at any time he saw fit to purchase 80 acres of land adjoining the Furry land for her.

Mrs. Morford died on March 11, 1912, leaving as her heirs, her husband and the children named in the complaint. The complaint states that it would not now be practical to buy the land and the trustee believes it best to divide the fund of \$5,000 equally among her heirs.

In another item of the will it is provided that the residue of the estate shall go to George Seeley and Mary Morford, share and share alike. It is alleged that Seeley, who was also reared by the Furrys, is claiming an interest in the trust fund of \$5,000 without right. It is alleged that Seeley assigned all his right in the personal estate of Solomon Furry to Nancy Furry for the sum of \$3,000 and one of the purposes of the suit is to see if he has a right to share in the estate at this time.

It is pointed out in the complaint that Howard E. Barrett, plaintiff and petitioner herein, was named by said decedent as the executor of said will and on the 10th day of July, 1896, executed his bond and qualified as such executor and took upon himself the administration of such trust and has ever since said July 10, 1896 acted as the sole executor of said will and is now so acting.

"That item third of said will provides as follows: I also devise to Howard E. Barrett as trustee for the said Mary Morford the sum of \$5,000, said trustee to give bond as required by law of guardians and to report to court as guardians. He shall pay the income from said \$5,000 to said Mary C. Morford annually and shall have power to invest such sum in real estate whenever in his judgment it will be to the best interests of said trust, the title to such real estate to be taken the same as the above eighty acres."

The complaint then recites the death of Mrs. Morford and names her heirs. "Said petitioner would further represent to the court that said Nancy Furry departed this life, estate, at said Rush county, Indiana on the 26th day of May, 1916, Continued on Page 2.

## FALLS FROM LOAD OF HAY

**James Curson of Manilla Sustains  
Badly Broken Shoulder Blade**

James Curson, a well known resident of Manilla, sustained a badly broken shoulder blade yesterday in a fall from a load of hay. He was engaged in loading hay and in some manner fell backward off the load, landing on his head and shoulders. The bone was broken and jammed far up in the shoulder and Mr. Curson was taken to an Indianapolis hospital for an examination. Physicians who were called were unable to reduce the fracture and it was thought best to take him to Indianapolis. It is likely that the arm and shoulder will permanently be crippled.

## GEORGE BOY ILL; GRANTED PAROLE

**Youth Sentenced Here For Burglary  
May 5, 1916, is Suffering With  
Bright's Disease.**

## HIS CONDITION IS HOPELESS

James George, 16 years old, sentenced to from two to fourteen years at the state reformatory on a charge of second degree burglary on May 5, 1916, has been paroled by Governor Ralston upon recommendation of the superintendent of the Jeffersonville institution. The superintendent reported that the George boy is suffering from Bright's disease and that he is hopelessly ill. The boy will be permitted to return to his home.

In March he was arraigned in juvenile court on a burglary charge. Sentence was withheld and he was permitted to go and warned to be good. He admitted stealing a pair of skates and the charge was transferred to the criminal docket and judgment pronounced.

## FIRE DEPARTMENT IN NARROW ESCAPE

**Team and Two Men on Wagon Nar-  
rowly Miss Death by Being  
Run Down by Traction Car**

## ARE MISSED ONLY BY INCHES

The city came near losing the fire department team and two firemen this morning when the team dashed out the door into Third street to answer an alarm and almost went in front of a passing Indianapolis and Cincinnati Traction car. Driver John Willis showed great presence of mind and pulled with all his might, heading the team down the alley. The horse on the right barely grazed the car and the wagon pole was only inches from the car.

The car was the one due at 11:42 a. m., eastbound, and was in charge of Motorman Samuel Warfel. Warfel applied the brakes and the car slid past the fire station. The team made a wild dash down the alley, but Willis finally gained control and answered the alarm. Joe Williamson was on the wagon with Willis. The fire was in a barn in the rear of the Charles Frank residence, 336 West Tenth street. The blaze was extinguished before the department arrived.

Mrs. J. Hooker Wilson is recovering from a serious illness.

## GIVES REASON FOR TAX RISE

**James P. Goodrich, in Opening Re-  
publican State Campaign, Calls  
Democrats to Account**

## "DESERVING DEMOCRATS"

**Says We are Persuaded There are  
Enough on Payroll Now  
Without Adding More**

Greencastle, Ind., Aug. 25.—In a formal address, devoted altogether to state issues, James P. Goodrich, of Winchester, Republican candidate for Governor, opened the Republican state campaign here last night, with a scorching arraignment of the Democratic party in Indiana. He charged the Democratic party, after promising a reduction in the expenses of state government in 1908 when it came into power, with having inaugurated a regime of extravagance and reckless dissipation of public funds, such as the state has never before seen.

The meeting was the largest held in Greencastle in many campaigns. Many former Progressives had a prominent part in the meeting. Charles McGaughey, candidate for state representative, introduced Mr. Goodrich.

Mr. Goodrich gave the average annual cost of the three last state administrations in Indiana. From 1905 to 1908, he said, it cost the taxpayers of Indiana \$6,974,802.46 each year to run the state government. In 1908, Mr. Marshall was elected Governor and the cost of administration immediately began to go up. The average cost of running the state government during Mr. Marshall's term of office, he said, was \$8,229,092.54, an increase of \$1,254,290.08 every year, and during Mr. Ralston's administration, the cost of state government has amounted to \$10,708,272.20, or an increase every year over the cost of the last Republican administration of \$3,733,469.74.

"In 1908, and in previous campaigns," said Mr. Goodrich, "our Democratic friends came before the people charging the Republican party with reckless extravagance, with having created new and useless offices and bureaus and otherwise with having wasted the people's money. Have our Democratic friends made good? Let the record answer and let the verdict of the people be rendered upon that record. The Republican party has been out of power in Indiana for the longest period since the Civil war. Since December, 1910, the Democratic party has had full control of every branch of the state government and since 1912 has had almost complete control of every county in the state. If your tax receipts, state county and local, show larger figures than ever before, the responsibility must rest upon the party which came into power in this state pledging you that it would reduce expenditures and lower taxes."

Mr. Goodrich then called attention to the increased state tax rate and in this connection presented a table showing the average rate of taxation for state purposes during the last six state administrations. The average rate under Matthews, a Democrat, he said, was 34.75 cents on the \$100. Under Mount, a Republican, he said the rate fell to 29.74 and increased only slightly to 30.21 under Durbin, a Republican, and to 32.35 under Hanly, a Republican. Under Marshall, a Democrat, the average state tax rate was 32.22 and this was increased under the present Democratic governor of

and the sole legatees under her will are defendants Thomas Bishop, Cora Bishop and Josiah Bishop. Said petitioner would further represent that one of the heirs of said Mary C. Morford lives in the state of Iowa and the other heirs live in different sections of the state of Indiana and are not so situated as to make it convenient or profitable for them to hold lands jointly and in the opinion of your petitioner it would not be practicable to invest said sum of \$5,000 in real estate and take the title as directed by the terms of the said will, in view of the death of Mary C. Morford, and your petitioner believes it would be for the best interests of all parties interested in said sum of \$5,000 to have the same distributed among such parties as their respective interests may be shown to the court without the intervention of a trustee as provided in the will.

The complaint then set out another provision of the will giving all of the residue both personal to George Seeley and Mary Morford. It is then alleged that notwithstanding a written agreement between Mrs. Furry and Seeley, he is claiming an interest in the trust fund. The agreement is made a part of the complaint.

We put it up to  
Hundreds of Dentists

Long before SENRECO was offered to you we submitted it to hundreds of dentists, requesting that they put it to every test. Told them that we believed Senreco to be an unusually good dentifrice, especially as to its cleansing qualities and its remedial action on sore, soft, bleeding gums; in the treatment of Pyorrhea, etc. Submitted the formula and asked them their opinion. They tested Senreco from every angle; some going even so far as to make a chemical analysis—

And They  
Voted Yes

With practically one accord—said:

"Senreco appeals to me more than any dentifrice I have ever seen." "I cannot say too much for Senreco. It's one of the best I have used." "I can recommend Senreco as the best." "Makes the teeth glisten and is free from injurious ingredients, including pumice and grit." "I am indeed glad to get a tooth paste that does the work." Instantly the daily newspaper catches it up and  
screens it on the printed page everywhere.

Every day, every hour, the presses are humming and the daily newspaper is showing life's moving picture to an eager audience.

No printed word approaches the newspaper in its universal compelling, constant appeal. No other medium bears such an intimate relation to everyday life.

People expect your advertising in the newspapers because advertising is part of life's daily story. That is why the newspaper produces such great results to users of space.

Those who advertise in newspapers not only reach the great buying public, but bring a compelling influence on retail dealers. The reason of this is obvious—retailers are newspaper readers like everyone else.

### Amusements

The Guy players offer their feature bill of the week tonight. It is entitled "The Birth of a Nation" and is a dramatization of the famous motion picture of the same name. A complete change of vaudeville will be offered as usual and Mabelle will answer all questions.

The Gem will show the feature drama "Heartache" for the first picture tonight. It is a stirring drama of the south and features Dorothy Davenport and Emory Johnson. The second picture is a comedy entitled "Her Celluloid Hero." Eddie Lyons, Lee Moran and Ethel Lynne are featured. One other good picture will also be shown. Tomorrow, matinee and night the feature picture shown by request "Little Mary Sunshine" will be shown.

The Princess offers the five reel feature "The Flames of Johannis" for the program tonight. Nance O'Neil is featured. She is starred in a dual role and under the direction of Edgar Lewis the picture is said to be the best in months. Between the characters of Marika and Zirah there is a wide traverse. Each calls for powerful acting and this is supplied by Miss O'Neil. Tomorrow matinee and night the feature picture "The Gods of Fate," will be shown. Richard Buhler, famous for his fearlessness, is featured. In one scene he rescues his father from a fire. This is said to be one of the most thrilling scenes ever staged.

The special State Fair Week attraction at the Shubert Murat Theatre, Indianapolis, will be George V. Hobart's modern morality comedy drama "Experience." The engagement will begin with a matinee Labor Day, Monday, September 4th, and will continue through the entire State Fair week. There will be bargain matinees Tuesday and Wednesday and the regular matinee Saturday afternoon.

"Experience" comes to Indianapolis by public demand and after phenomenal runs of nine months in New York, seven months in Chicago and five months in Boston. In these cities the play broke all records of attendance, and played to more people in these three cities and wherever it has been presented than any other attraction in the history of theatricals.

The famous New York Experience organization with its cast of 82 notable characters will be seen at the Shubert Murat Theatre. The play will be presented in ten magnificent scenes. It will be the largest attraction that has even been booked in Indianapolis and probably no attraction as large as Experience will be presented in Indianapolis for the next ten years.

In its brilliant scenes, Experience tells a love story of a youth, and the temptations he meets in quest of fame and fortune. It is a modern stage production that combines everything that is intensely emotional and thrillingly dramatic.

It is a drama, it is adventure, it is a love story, and each character is intensified by being not a colorless figure, but a personification. Mr. Hobart in selecting the various temptations which confront youth, has decided to have them portrayed by beautiful and attractive women and the characters of the play, instead of being called by the usual proper names are called by the name of the vices and virtues they represent, such as Youth, Experience, Ambition, Sport, Snob, Crime, Grouch, Sneak, Cheat, Indolence, Rascal, Poverty, while among the characters represented by ladies are Pleasure, Opportunity, Gush, Excitement, Song, Passion, Frailty, Frivolity, Intoxication, Fashion, Degradation, Love, Hope and so on for the various people shown in the play.

 Always use the original NA'COR  
 Quick and satisfactory results after using NA'COR are reported by Alfred Quantz, 542 North 7th St., Hamilton, O., writing to us under date of June 1, 1916. His letter, which is addressed to the public, is as follows:

I wish to advise you of the wonderful results I obtained from taking Na'cor. I had suffered from asthma and catarrh and the doctor advised me that my lungs were weak. I was losing in weight, coughing and expectorating and had pains in chest.

I began taking Na'cor on April 5 and after I had finished about one-fourth of a bottle, I could eat and sleep better. I gained from two to three pounds a week. After I had finished the bottle, I stopped coughing and even gained more in weight and strength. I now feel strong and as healthy as any one and my doctor upon examination stated that I am all right now.

I thank you so much for your medicine and if I hear of anyone that complains, I will tell them about it.

### \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

### Goodrich's Speech

James P. Goodrich, Republican candidate for governor, made plain what the principal issue in the state campaign this fall will be when he made his formal opening address last night in Greencastle. He will make a direct appeal to the taxpayers, than whom there is none more interested in the conduct of the state's affairs.

Mr. Goodrich made a good beginning last night. He revealed that the term "deserving Democrats," coined by William Jennings Bryan, applied just as well in Indiana. By calling the records to speak for themselves, he showed how during the last three Democratic state administrations new offices had been created steadily, and in the meantime the tax burdens have been rising in Indiana.

He cited instances in nearly every state department, but merely a few examples taken from his speech will suffice. The public library commission's expenses have increased since 1908 from \$7,500 to \$12,500. In the state library, salaries alone have increased over 100 per cent. Salaries paid in 1915 were \$13,292.92 and in 1908 \$6,222.

The office of fish and game commissioner in 1908 collected \$70,168.41 and paid out \$72,174.49. With but one exception since 1908, the department has not collected enough to pay expenses despite the fact that the revenue of the office has grown annually. Mr. Goodrich charged his office was a haven for "deserving democrats."

Mr. Goodrich pledged himself, if

Doan's Kidney Pills have stood the test.

The test of time—the hardest test of all.

Thousands gratefully testify. To quick relief—so telling results Rushville readers can no longer doubt the evidence.

It's convincing testimony—twice told and well confirmed.

Rushville readers should profit by these experiences.

S. Bebout, 316 W. First St., Rushville, says: "I had pains through my back and kidneys. The action of my kidneys was irregular. I used Doan's Kidney Pills and they soon made me better."

The above statement was given on July 27, 1912, and on Aug. 25, 1915. Mr. Bebout said: "Doan's Kidney Pills have given me a cure that has remained permanent."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bebout has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.—(Adv.)

elect to abolish the oil inspection department and let the state food and drug department do that work, thus saving the state \$100,000, annually. Continued Mr. Goodrich:

"No comparison can be made as to the industrial board with its twenty-nine deputies, as no such office existed in 1908; nor with the Public Service Commission and its force of accountants, engineers, inspectors, stenographers, etc., drawing in salaries alone, \$86,247.78 per year, as it has been created since 1908; nor with the fire marshal's office and its corps of officials drawing \$35,000 a year and supported by the insurance companies; nor with the automobile department, with its eighteen deputies, drawing annually \$20,580.00 out of the funds contributed by the automobile owners of the state."

Other notable increases have been:

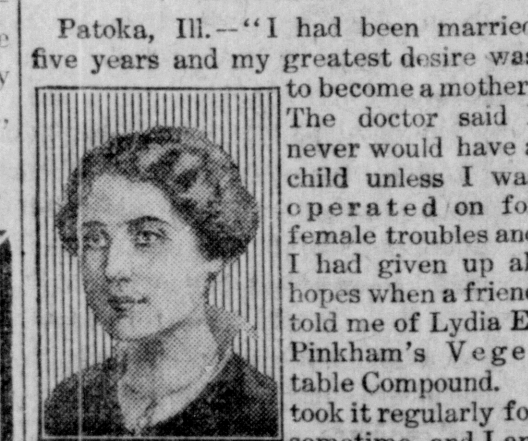

Attorney General, \$968.00; Fish and game commissioner outside his large force of deputies, \$1,800.00; Adjutant General's office, \$720.00; Bureau of Printing, \$1,600.00; Clerk of the Supreme Court, \$1,350.00; Reporter of Supreme Court \$836.42; Supreme Court, stenographer and sheriff, \$1,576.00; Appellate Court, stenographer and messenger, \$2,185.00; Superintendent of Public Instruction, increase in salaries and new officials, \$9,500.00.

### Maine Prospects.

Ralph D. Cole has returned from Maine, where he opened the Republican campaign, enthusiastic over Republican prospects. Mr. Cole declares that Republicans and former Progressives are working hand in hand; that there is perfect loyalty to Hughes and absolute co-ordination of effort. He is loud in his praises of the Republican candidate for Governor, Carl Milliken, who

Patoka, Ill.—"I had been married five years and my greatest desire was to become a mother. The doctor said I never would have a child unless I was operated on for female troubles and I had given up all hopes when a friend told me of Lydia E. Pinkham's Vegetable Compound. I took it regularly for sometime, and I am in better health than ever, and have a healthy baby girl. I praise my Vegetable Compound for my baby and my better health. I want all suffering women to know that it is the sure road to health and happiness."—Mrs. GEORGE STEPHENS, R. F. D. No. 3, Patoka, Ill.

Lydia E. Pinkham's Vegetable Compound is so successful in overcoming woman's ills because it contains the tonic, strengthening properties of good old fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, curative influence.

These buggies were bought before the raise in price went into effect and the manufacturers will not deliver them until September 1st, as our contract gives them until then to get them out. We will have them on the floor by September 4th, and at prices that will look good to you. We will have five of the best known makes of storm buggies of the latest styles and designs. Rubber tired and all styles at a price of \$100.00. Look at that! Then look at the price the other fellow is asking you for storm buggies! What do you think about it? Where are you going to buy? Of course you are going to buy where you can do the best. Don't put it off, for our supply is limited to what we have contracted for. commands the respect and support of the people and who is making an excellent campaign. "Maine has always been noted for its patriotism," says Mr. Cole, "and the men who shouldered a musket in '60 and '61 are filled with indignation at Wilson's weak and vacillating and unpatriotic conduct of our relations with Mexico. You find magnificent specimens of American manhood in Maine, men who are Americans first, last and all the time, stern, manly, rugged, and it makes their blood boil to hear of American men murdered, American women outraged and American soldiers treacherously shot down while the President of the United States, fearing that any step will hurt him politically, contents himself with writing notes and arranging for a "conference" with those responsible for the wholesale murder of American citizens. Maine is as certainly in the Republican column as it ever was in our history."

### The Shipping Bill.

The senate has passed the McAdoo-Wilson Shipping bill and it now goes to conference. It has been shorn of some of its worst features, but still serves some highly desirable purposes. Its passage will "save the President's face." It will provide a number of sinecures for "deserving Democrats." First come the members of the Shipping Board, with salaries of \$7,500 each, then all the securities and employees. Then it appropriates \$50,000,000 out of the Treasury, and every experienced politician knows how convenient it is to have \$50,000,000 to expend on the eve of a Presidential election. Oh yes, it's a fine bill.

## RACE 'TIL DARK FOR A DECISION

Drivers in 2:24 Trot Agree to Drive

Last Heat After Sundown in

Order to Finish It

FOUR RACES SEEN THURSDAY

Two Events are Won in Straight

Heats, Including Stake Race

For \$500 Purse

The best race on Thursday's program at the county fair was saved until the last. This was the 2:24 trot which went the full five heats and was finally won by Grey B. The last heat was not finished until 6:45 o'clock and was raced after sundown by agreement among the drivers. Only a small crowd remained to see the finish.

Miss Advertiser won the first two heats of this race and it appeared to be all over. But on the third heat Grey B., won by a hard drive in the stretch and from this time on was never headed. The fourth heat ended just as the sun went down and under the rules the race would have been carried over until today, but the drivers were anxious to finish the card and agreed to run the fifth heat. The race was the most interesting on the program as the other events were taken in straight heats.

The horses got away late in the first race. With a four race program the races were scheduled to start at one-thirty o'clock and it was almost two o'clock before the horses began scoring for the first heat. The 2:25 pace, the stake race of the afternoon for a \$500 purse was won easily by M. In the first two heats it was apparent to everyone in the grand stand that Moberly, driving Posey H., was not driving to win. The judges announced that they would fine both the drivers of Posey H. and Arcola if they did not make a better effort in the final heat. The threat did not make any difference in the finish as Colonel M., was never headed and took the race in straight heats.

The 2:40 pace was won by Henry R., over a field of two other horses. Henry R. was pushed hard by Bertha Highwood but came under the wire a winner.

The 2:16 trot furnished a good race. The first heat was won by Woodrow Wilson, but Allen Boy, driven by Dr. Smith of Flatrock, came back and captured the next three heats. Allen Boy broke on the back turn in the first heat and Woodrow Wilson won pulled up. In the second heat Woodrow Wilson led the field into the stretch when Allen Boy showed his class and won the heat by an eck. The third heat was a repetition of the second and the fourth and final heat was easy for Dr. Smith. The best time of the race was 2:19 1/4, made in the second heat.

The best time of the afternoon was made in the 2:25 pace when Colonel M., went the final heat in 2:15 1/4. The summaries:

### AID COMES FOR FRICHTON MAN

Louis Conoyer Tells of His Relief  
Through the Use of  
**Tanlac**

Vincennes, Ind., August 24.—Among the many people of this city and vicinity who are enthusiastic in their praise of Tanlac, is Louis Conoyer, a farmer, who lives on rural route No. 2, Frichton Ind., east of, this city. He said:

"I have had stomach and kidney trouble for a long time. Rheumatism also bothered me. My kidneys were weak and irregular. I had to get up several times each night. I had indigestion. Gas formed on my stomach. Rheumatic pains in my right arm and shoulder were severe.

"It seems since I have taken Tanlac, that the stomach trouble is a thing of the past. I eat heartily now and formation of gas don't bother me. My kidneys are in fine shape. I don't have to get up at night now. The rheumatism also is a lot better."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, rheumatism, nervousness and the like, and is a fine system cleanser and general tonic. Tanlac is now sold exclusively in Rushville at F. E. Wolcott's drug store; in Arlington at Mrs. L. T. Davis's; in Carthage at J. H. McCarthy & Son's, and in Milroy at Barton & Sheppard's.

SAY EXAMS ARE MORE DIFFICULT

Teachers Declare Tests For Licenses Are Stiffer Than Formerly—May Not Be Fitted.

STATISTICS NOT AVAILABLE

Trustees Have Trouble Finding Teachers and Some go to Other Counties.

(By United Press.) Indianapolis, Ind., Aug. 25.—Are the examinations for teachers in the Indiana public schools becoming harder or are the applicants less fitted to take these examinations? Several hundred Hoosier school mistresses and schoolmasters lay it on the examinations.

While statistics are not available, reports from township trustees throughout the state indicate, it was said by the school officials here today, that a larger per cent, of applicants will make a final attempt to secure licenses in the examinations to be held Saturday than ever before. Among the number are many ex-teachers as well as first-timers.

Many trustees have reported they face the beginning of school with a smaller supply of teachers to draw on than ever before. Many say that teachers to whom they promised positions have not yet obtained licenses and should these teachers fail in

Saturday's examination, the trustees will have to call on extra teachers from other countries. Very few complaints in the shortage in the teacher crop have been received from school boards in the towns and cities. The shortage is noticeably marked in the country schools.

Some trustees have served notice that hereafter an applicant for a position must show a teacher's license before a promise of a position will be given.

BOEGERSHAUSEN-MAXEY

The Indianapolis News gave the following account of the wedding of Miss Isabelle Boegershausen and Leon C. Maxey, formerly of this city, and son of Mr. and Mrs. Morris A. Maxey, of West Fourth street:

The marriage of Miss Isabelle Boegershausen, daughter of Mr. and Mrs. Julius Boegershausen, and Leon C. Maxey, formerly of Rushville, took place at 5:30 o'clock Wednesday evening at the home of the Rev. Father Fisher, who pronounced the ceremony. The bride was attended by Miss Viola Hackman of Rushville, who wore a gown of blue taffeta and carried pink rosebuds tied with pink tulle. The bride wore a maroon colored suit and carried white rosebuds tied with white tulle. Ross Cannady was the best man. Following the service a wedding supper was served at the bride's home, which was decorated with palms. The bridal table was arranged with white roses and ferns. Among the out-of-town guests were Mr. and Mrs. Morris Maxey of Rushville, the parents of the bridegroom, and Miss Alma Hackman, also of Rushville. Mr. and Mrs. Maxey will be at home after September 4 in the Alexander apartments.

NOT A MISS IN 45 YEARS

(Greensburg News) William M. Stewart departed last evening for Richmond where he will make a brief visit with his sister, Mrs. Elizabeth Hodgkin, and then he will go to Rushville to attend the Rush county fair, now on. Mr. Stewart has never missed a Rush county fair in the last forty-five years, and does not propose to break away from this rule at this time. His father was a member of the fair board sixty years ago and his mother made the first badges that were worn by the board.

CARRIEDAWAY BUNCH OF GIFTS

Fort Wayne Aviator, According to Japan Paper, Requires Five Trunks to Carry His Trinkets.

SMITH WILL LIKELY RETURN

Promised His Admirers That he Would Come Back and Fulfill His Contracts.

(By United Press.)

Fort Wayne, Ind., Aug. 25.—When Art Smith, the daring American aviator, arrives in Fort Wayne in a few days to visit his home folks he will bring with him, according to the Japan Advertiser, more tokens of admiration of the Japanese people than any American visitor to Japan other than persons making official visits.

A copy of the Advertiser which arrived here from Tokio today describes in detail the presents given the local boy and tells of his departure from the land of the Mikado.

The presents according to the Tokio newspaper fill five large trunks. When Smith sailed he wore on his breast twenty large gold medals given him by different organizations and cities in Japan. Among the twenty was the medal presented by the Japanese National Aviator association, which is studded with thirty-four large diamonds, emblematic of his daring flight in a 34-metre a second wind at Anyoams, and a massive gold plaque, from the city of Tokio.

Following Smith's fall at Sapporo where he received injuries which forced him into a Chicago hospital a money gift of 13,500 yen, or \$6,729.75 was raised by subscription. Some of the leading families of Japan contributed to this fund.

Upon leaving Japan Smith promised his Japanese admirers he would return next year and carry out the contracts which had to be called after his fall. Most of these contracts call for flights in the province of Kyushu.

According to the Advertiser large crowds of admirers who look upon Smith as a hero gathered at the pier to see him off. Among the number was General Nagaoka, president of the National Aviation association. The grizzled old veteran of Japan's army is said to have broken down and cried when he told the American flyer goodbye.

## BIG DRAIN CONTRACT LET

Large Project is Under Way Affecting Three Counties

(By United Press.)

Brazil, Ind., Aug. 25.—The contract for the construction of one of the largest drainage projects ever made in the state was to be let here today when Drainage Commissioner William S. Wawley received bids for the big Mizer ditch.

The contract provides for the straightening, widening and deepening of the channel of Eel river to shorten the flow of the river, prevent the flooding of bottom lands and reclaim thousands of acres of valuable land. The project, which will cost approximately \$275,000 will affect the counties of Clay, Owen and Greene.

## THE MEN WHO KNOW CHEW

### "OLD KENTUCKY"

No Other Tobacco Has a Flavor That Gives Them So Much Enjoyment

### SWEET, FRUITY, SATISFYING

If you should visit the great tobacco-growing, tobacco-manufacturing centers, you would find that the men who are the best judges of tobacco in all its forms *chew* plug tobacco.

Old Kentucky gives you the full benefit of the natural juice of the leaf—and the juice contains all the flavor, and all the wholesome, satisfying elements which make it so valuable as well as enjoyable.

Old Kentucky is chewed by more tobacco experts than any other brand. Its sweet, mellow flavor pleases them, and they know that it is made of choice, selected, ripe Burley leaf, in a clean, sanitary factory.

A roc plug of Old Kentucky is fresh and delicious. You'll say you never tasted its equal, and the more you chew it the better you'll like it. Get it from your dealer.

## GIVES REASON FOR TAX RISE

Continued from Page 1.

Indiana, to 40.10, or 25 1/10 per cent.

"Now it will not do," added Mr. Goodrich, "for the opposition to say in a general way that this increase has been due to the increased functions performed by the state and the large increase in the amounts devoted to educational purposes, for when all these facts are taken into consideration, a huge balance is left to be accounted for, and the chief concern of the Democratic party should be to account for that balance to the satisfaction of the taxpayers of Indiana."

The Republican candidate for Governor then proceeded to point out the places in the management of the state benevolent institutions and cited Mr. Ralston's Richmond speech for proof.

"When we average all the charitable and correctional institutions of the state," said the speaker, "we find that gross maintenance during the last Republican administration cost \$167.78 per capita and under Ralston \$207.37, an increase of \$39.59 per capita. To put the case concretely, had our state institutions been managed as efficiently in 1913, 1914 and 1915 as they were in four years of the last Republican administration, with an institutional population of 12,254, there would have been saved to the taxpayers of Indiana, during these last three years, the enormous sum of \$1,497,475.48, or an average yearly, of \$495,825.16. Is this not half million dollars a year a rather high price for the taxpayers of Indiana to pay for Democratic inefficiency? Is it any wonder that Governor Ralston in his Richmond speech complained of the great difference in salaries paid and of the gross extravagance?"

The speaker then quoted from Governor Ralston's Richmond speech. Governor Ralston said on that occasion "there can be saved taxpayers of Indiana in purchase of food supplies, without in any way neglecting the needs of the inmates, \$250,000 per year, if not a greater sum. "Mr. Goodrich declared the remedy proposed by the Governor, the abolition of the individual institutional boards and the creation of a central purchasing board of high salaried officials to supervise the various state institutions was one to which he did not subscribe. He said the Wright report, to which the Governor referred, showed the per capita cost of central supervision to be much higher than our present cost," even under the inefficient management referred to by the Governor in his speech."

"It is true," said Mr. Goodrich, "that by this method a large number of 'deserving' Democrats could be taken care of, but we are persuaded the state of Indiana now has enough 'deserving' Democrats on the payroll and prefers a reduction rather than an increase in number. Believing as I do that, under the present system of control, an economical administration is attainable by the application of simple business methods in conducting the business of the state, and in the light of the efficient record of three Republican administrations, I am opposed, at this time, to the creation of a central board and the abandonment of our present system."

"The question naturally arises: If the present method is inefficient and extravagant why did the Democratic party wait seven years to advocate this change. Why did they wait to propose it until the signs of the time point to their retirement from the control of affairs in Indiana?"

Turning to salary increases made by the Democratic party during the last seven years, Mr. Goodrich called attention to the individual items.

"The annual payroll of the state board of health in 1915," he said, "was \$47,236.00. In 1908, the payroll amounted to \$27,000. The annual increase in salaries alone amounted to \$20,236.00. The disbursements of the state board of education in 1915 were \$1,122.75 and in 1908, \$5,345.75, or an increase of \$5,877, more than 100 per cent.

## APPEAL MADE TO PRESERVE DUNES

Centennial Pageant at Michigan City Asks People to Save Scenery of Lake Front

### GIVEN IN SIX EPISODES

Democratic Editors Are Visitors— Esther Rommel Leading Genius in Affair

(By United Press.)

Michigan City, Ind., Aug. 25.—"The Spirit of the Dunes" descended on Michigan city today with an appeal to the century old state of state of Indiana to preserve the fast-disappearing beauties of the state's lake front. The appeal of the Spirit was made at this city's celebration of Indiana's centennial and was witnessed by several thousand people, including members of the Indiana Democratic Editorial Association.

"The Spirit of the Dunes," impersonated by Miss Esther Rommel, was the presiding genius of the entire pageant consisting of six episodes.

In Episode One the Spirit of the Dunes was seen with the other spirits before man has ever appeared. Then was shown the coming of the Indian and then the appearance of the French trappers.

The second episode showed the town of Michigan City in its infancy. The early history of transportation with the turning of the first spade of earth for the Michigan Central railroad was pictured in the third scene. The progress of prison reform from justice and punishment to reformation was deliberated in episode four. The response of the city to the call of '61 was the subject of episode five.

If the final episode the appeal was made by the Spirit of the Dunes to Indiana to protect her and preserve the Dunes.

## GERMAN LINER CROSSES ATLANTIC

Williehad Adds Another Chapter to Defiance of Allied Warship Patrol Along U. S. Coast.

### FORECASTS BREMEN'S COMING

(By United Press.) New London, Conn., August 25.—Nosing her way through a fog while a little tug puffed and sported alongside, the North German Lloyd liner Williehad, swung into the pier of the State Ocean Steamship company, here today, adding another chapter to German defiance of the allied warship patrol off the Atlantic coast.

Custom officials and all New London believe the coming of the Williehad forecasts the early arrival of the merchant submarine Bremen from the German port of that name.

The Williehad made the trip from Boston without escort. Coming through the cape Cod canal and thence out to open sea, the liner traversed more than fifty miles of her journey through a zone in which she was subject to attack or capture, had enemy ships sighted her. She went out beyond the 3-mile limit but was not molested.

## BULGARIANS TO EVACUATE GREECE

Ordered to Vacate Grecian Territory by Germany on Representations From Athens.

### PUBLIC INDIGNATION HIGH

(By United Press.) London, August 25.—Germany has ordered the Bulgarians to discontinue their advance in Greece and to evacuate occupied Greek territory, fearing Greece will be drawn into the war, according to an unconfirmed wireless dispatch from Rome today.

Several Greek generals have refused to obey orders to evacuate positions in Macedonia, the dispatch said. In retreating they have prepared to defend the eastern Macedonia foris. Greece is said to have laid this information before Germany, adding that public indignation has increased to such an extent that the government is no longer master of the situation. Upon receipt of this information Germany ordered the Bulgarian withdrawal, it is said.

The crew that returned Wednesday night from the first trip expressed willingness to enroll for another voyage.

## ARE HOPELESSLY AT LOGGERHEADS

With This Situation Existing in Strike Negotiations, Wilson Calls Brotherhoods

### NO BEARING ON SOLUTION

They Are Assured, They Say, President Will Stand by First Proposal That he Made

(By United Press.) Washington, August 25.—With President Wilson and the railway presidents apparently hopelessly at loggerheads in their effort to prevent the threatened strike, the president today stirred up excitement by suddenly calling the heads of the railroad brotherhoods together.

The conference with the brotherhoods lasted an hour and a half, adjourning just at noon. According to the workers' representatives, however it left the situation unchanged.

They were asked to accept no compromise, the brotherhood chiefs said, and gave the impression as they left the white house that the president might be expected to stand by the proposal which they have accepted but which the railroads have refused.

The brotherhood men, while at the white house, placed before the president the charge that a nationwide lobby is being conducted to influence sentiment in favor of the railroads.

They presented telegrams to show that the Northern Pacific railway is paying for favorable messages forwarded to Washington.

A meeting of the railway presidents lasting from 11 a. m. to 1 p. m., resulted only in the announcement that they had agreed on no proposal to make to the president and would convene at three o'clock.

## ATTENTION DRAWN FROM THE BALKANS

Double-Barrelled Offensive on Some Front Brings Admission From Berlin Today.

### MAURETAS LOST TO FRENCH

(By United Press.) London, August 25.—A successful double-barrelled offensive by the allies forces on the Balkan shifted interest from the Balkan fighting to the Western battlefield today.

The German war office this afternoon admitted the loss of Mauretas village to the French. The French war office announced that General Foch's troops are consolidating in new positions north of Mauretas, only a mile and a half from the important town of Comblès, the local objective of the present French advance north of Somme.

## FINDS REASON FOR NEUTRALITY

Shepherd Says English Would Have No Difficulty Analyzing Middle West Situation.

### ALL NATIONALITIES MIX

Germans, Greeks, English and Scandinavians Are Found in the Regiments of U. S.

BY WILLIAM G. SHEPHERD  
(U. P. Staff Correspondent.) Mercedes, Texas, August—(By Mail)—The Middle West. There's a name that sticks in the craw of British statesmen.

All the rest of America the Britishers can analyze when they attempt to measure the pro or anti ally leanings of Americans. The Middle West stumps them. It isn't anti ally, but it isn't anti German, they say.

What is it then? I have had this question asked me by such leading Englishmen as Sir William Tirrell and St. Loe Strachey, editor of The Spectator. And American is Europe for 2 years during the war couldn't answer the question. Here in Mercedes in the heart of the military district where middle west regiments of militia abound you shortly discover why the middle west hasn't taken sides in the European war.

"So you were in the war in Europe," a fleshy officer asks you. You'll find his type throughout the German army; also his broken English. "What side were you on?" "Both sides," you say; and he smiles. His name is F. E. Resche and as brigade commander of the three Minnesota regiments he has some 2500 American soldiers under him.

"Look at his face and see if he doesn't look like an Englishman," says Col. H. V. Eva of the second Minnesota regiment, into whose tent Resche has just come. "I was born in England and I know an English face when I see one," continues the Colonel. Resche laughs heartily.

"Come on, come on," he says in his broken English to the Colonel, who is his inferior, "Didn't you promise me you'd ride to town with me?" So the man who was born in England and the man who was born in Germany, both soldiers in Uncle Sam's army, ride away together in an automobile, laughing. A British statesman puzzling over the Middle West, would have broken his thinking machine at the very sight.

When private C. H. Stinger of Lemington, Nebraska, was drowned a few days ago, Colonel George A. Eberly of the Fourth Nebraska found a diver from the British army in his regiment who volunteered to seek the body.

Kuan Zoo Lee of Korea and Kearney, Nebraska is a member of company L, Fourth Nebraska. Omaha.

and Hastings companies have several Greeks on their rosters. Such men are likely to add to the neutrality of the Middle West.

In the Fourth Nebraska also is Winfield Haldt, who was on the Carib, sunk by a mine in the North sea, when he and the crew, with the exception of three killed by explosions, were picked up by the Germans and later released. He's a neutral type.

The First North Dakotas include large numbers of Scandinavians and Col. J. H. Frayne is said to be able to give orders in the Scandinavian tongue when necessary.

Two hundred and eighty Quaker cavalymen from Iowa add a further mixture to the mixed hue of the Middle West.

An English statesman in Texas would shortly find an answer to his question as to why the Middle West is neutral.

## ZEPPELINS REACH LONDON

Drop Bombs, Killing Eight People and Wounding Twenty-One.

(By United Press.) London, August 25.—One of the six Zeppelins that raided England last night reached the outskirts of London and hurled down bombs, slightly damaging electric power stations, General French, commander of the home forces announced.

Three men, three women and two children were killed by the raiders. Seven men, eleven women and three children were wounded.

## ESCAPADE IN AUTOMOBILE

Three Rushville Men Held in Connorsville on Intoxication Charges.

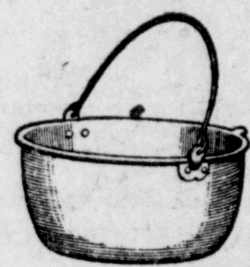

(By United Press.) Connorsville, Ind., August 25.—Owen McKee, Eugene Helm and John Moran of Rushville, were held in jail here today on intoxication charges following an escapade here in an automobile belonging to Mrs. Patrick Moran and family of Rushville. They ran into vehicles at the fair grounds and were arrested this morning in this city shortly after complaints came to the police from the fair ground. A policeman brought them to police station just after a long distance call had been received from Rushville asking that they be held. The car was sent to a garage for repairs.

### RUSS ADVANCE RESUMED

(By United Press.) London, August 25.—The Russians have resumed their advance on the entire Caucasus front, following the recapture of Mush, said a wireless dispatch from Petrograd today. The Turks are evacuating Bitlis.

## YOUTH HELD FOR THEFT OF OUTFIT

**William Swezey, 17, of Greensburg,  
Paroled From Greensburg,  
Will be Sent Here**

### ARRESTED AT SHELBYVILLE

**Accused of Stealing Horse and  
Buggy Belonging to Lon Keis-  
ling at Fair Grounds**

William Swezey, 17 years old, of Greensburg, is under arrest there charged with the theft of a horse and buggy, the property of Lon Keisling, a prominent farmer of Richland township. The outfit was taken Wednesday afternoon from the Rush county fair grounds.

Swezey was arrested last night in Shelbyville, where he was picked up in a drunken condition, following word from Greensburg that he was wanted. Swezey had disposed of the property and it was largely through the people he had sold the outfit to that the officers found out who did the stealing. Swezey today stoutly denied his guilt, but according to Chief of Police W. I. Johnson of Greensburg, the officers have him with the goods.

The horse was sold to Adolph Keiser, a liveryman of Batesville and the harness was disposed of to Fred Myer, also of Batesville. The buggy was sold to a man in Newport. According to the officers, Swezey obtained but \$44 for the entire outfit. He purchased a new suit of clothes and then went on to Greensburg where he proceeded to get on a good drunk.

Last night he succeeded in eluding the Greensburg police and got into Shelbyville. Swezey was chased out of the Big Four yards in Greensburg and took a traction car to Shelbyville. He had hardly landed there before he was arrested by Policeman Elmer Mark. Swezey put up a hard fight but was finally landed in jail.

Before leaving Greensburg he engaged in a fist fight with his cousin, Arthur Swezey. It was largely because of this fight that the police there wanted him, but developments showed that he was also wanted on a graver charge.

Chief Johnson stated today that Keiser, owner of the Batesville livery stable knew Swezey and would identify him as the man who sold him Keisling's horse. Chief Johnson is claiming the reward of \$50 offered by Keisling. Swezey is wanted in Decatur county on charges of petit larceny in connection with some chicken stealing, but it was stated this afternoon that he would be turned over to Rush county on the charge of horse stealing.

Swezey is known to the Greensburg police as a bad boy. He has served a term in the Indiana Boys' school and was paroled from this institution about six weeks ago. Mr. Keisling went to Batesville this afternoon to identify his property.

## COAT AND MONEY STOLEN

**J. Q. Whitton Reports Theft at Fair  
Ground to Police.**

J. Q. Whitton, son of Mr. and Mrs. J. R. Whitton, 220 West Fourth street, reported to the police that his coat, containing a small amount of change, was stolen at the fair ground yesterday. He said that he was standing along the fence watching the races and when he turned to pick up his coat it was gone.

## THREATENS TO "GET EVEN"

**G. Carlton Guy Compelled to Pay  
\$30 for Showing Here This Week**

Officials unearthed an old state law which compelled the Guy Players, here this week under a tent at the ball park, to pay \$5 a performance for the right to show here. G. C. Guy paid \$30 for six performances to the county but threatened to "get even." He employed an attorney and said he intended to compel other shows to pay the same fee. The payment was made under a very old law which has not been enforced for years. Under this old law all fees collected by the county for show licenses goes to the fair association, according to county officials.

## CURT GOSNELL IS SERIOUSLY HURT

**Former Rushville Reinsman Thrown  
to Track While Working at  
Cleveland, Ohio.**

### LOCAL PHYSICIAN IS CALLED

Curt Gosnell, former Rush county fast horse driver, lies seriously hurt in St. Alexis hospital in Cleveland, O., suffering from the effects of serious injuries which he sustained yesterday at the North Randal track while working out the pacing mare, Hazel Armstrong.

Dr. Lowell M. Green left last night for Cleveland, to treat Mr. Gosnell's injuries, having been called there for that purpose.

Mr. Gosnell is suffering with a broken arm and collar bone and a fractured skull. Latest dispatches said he had not yet regained consciousness. It was stated that little would be known about his condition until today sometime.

Mr. Gosnell was thrown on the track when the pacer was frightened by her own shadow and leaped to one side.

## MRS. ANN BOWLES BREAKS HER ARM

**One of Oldest Women in County, Ex-  
ceptionally Active for Her Age,  
Falls at Her Home.**

### AT COUNTY FAIR WEDNESDAY

Mrs. Ann Bowles of Milroy, age 96 years, probably the oldest woman in the county, suffered a broken right arm last night in a fall. Mrs. Bowles missed one of the steps leading to her house and fell, alighting on her arm. Both bones were fractured just above her wrist and for a time it was believed the hip bone was broken, but this proved to be only a bad bruise.

Mrs. Bowles has been quite active and on Wednesday attended the county fair. She has never missed a Rush county fair. Her eyesight is exceptionally good and she has done a great deal of fancy work of late years. Mrs. Bowles is an aunt of John Boyd of Jersey City.

Private telephone lines have been installed to the homes of Ora Logan and James Stiers. The number of the Logan phone is 3276 and at the Stiers home, 3376.

John K. Tompkins is very ill at his home in West Third street.

## DAY BIDS FAIR TO BE EQUAL OF ANY

**Close of Rush County Fair Promised  
to Come up to Previous Re-  
cords Set on Friday of Fair**

### THURSDAY'S CROWD, 10,000

**Attention Centered Today on Parade  
of Premium Stock and Get-  
away Racing Card**

The closing day of the Rush county fair promised to be the equal of any ever held, with the weather as favorable as it has been any day during this year's fair—which is saying a good deal because the fair board has had the co-operation of the weather man all the way.

Attention centered this morning on the showing of light harness horses and roadsters in the small ring and the big parade of premium stock on the race track. There was more interest in these two classes for horses than in any other showing during the fair.

The races this afternoon bid fair to be the equal of any day in the week. In fact, it is doubtful if any card held more interest because there was another road race to be run this afternoon. The trot on Tuesday went to five heats and it was freely predicted that the pace this afternoon would continue as long before a decision was reached. The 2:17 pace, the stake race for the \$500 purse, and the 2:20 trot were the other events on the get-away card.

A crowd conservatively estimated at ten thousand people was on the ground Thursday—the big day of the fair. The treasurer of the fair reported that more money was taken in at the gates than on Thursday of last year.

The amphitheater was well filled with people who enjoyed the rare program that continued until nearly seven o'clock. A large display of daylight fireworks also helped entertain the crowd during the afternoon.

Harry Moeller of Cleveland, who is giving the free attractions in the amphitheater this year, entertained with several acrobatic stunts and sang with the band accompaniment. He also arranged boys' dancing and yelling contests, much to the amusement of the crowd. The boys danced individually and then all together. They also yelled, one at a time, and then yelled the same thing together.

Moeller allowed the crowd to judge who should have the cash prize in each contest and the people made it almost unanimous for Julian Hughes, small son of Mr. and Mrs. Tom Hughes of 806 North Arthur street, in both events.

Another ostrich race was to be staged this afternoon for the amusement of the crowd. It was announced that William Knecht would drive the pony to set the pace for the bird speedster. More daylight fireworks were also promised for this afternoon.

The concession people all did a good business yesterday because the temperature was high enough to cause people to want soft drinks. The dancing pavilion was also well patronized.

The fair board has been complimented this year for the automobile display which was arranged on the west hill. The automobile firms and agents was given free space in order to encourage the displays and very creditable ones have been made.

Merom—Today was democratic day at the Merom chautauqua. James E. Watson will be the speaker tomorrow—Republican day.

## ASKS COURT TO CONSTRUE WILL

**Howard E. Barrett, Executor Named  
by Late Solomon Furry, Wants  
Judge's Ruling on Points**

### TO SETTLE WIDOW'S ESTATE

**Executor Alleges George Seeley, who  
Assigned His Interests, is  
Now Claiming a Share**

A suit asking the court to construe the will of the late Solomon Furry was filed today in circuit court by Howard E. Barrett, as executor of the will. The suit is directed against Birchard H. Morford, William E. Morford, Nancy M. Selm, Irene Manlove, Solomon Morford, Mary Morford, Hazel Caldwell, John Morford, George Seeley, Thomas S. Bishop, Cora Bishop, Josiah Bishop, and Howard E. Barrett, trustee for Mary C. Morford.

Under conditions arising since the death of Nancy Furry, widow of Solomon Furry, it is necessary to get a construction on the will of Solomon Furry before the estate of Mrs. Furry can be settled. Under the terms of the will of the late Mr. Furry he left the sum of \$5,000 to Mary C. Morford, who was reared by the Furrys to be held in trust by Mr. Barrett as trustee. She was to receive the income from this money and the trustee was empowered to use the money at any time he saw fit to purchase 80 acres of land adjoining the Furry land for her.

Mrs. Morford died on March 11, 1912, leaving as her heirs, her husband and the children named in the complaint. The complaint states that it would not now be practical to buy the land and the trustee believes it best to divide the fund of \$5,000 equally among her heirs.

In another item of the will it is provided that the residue of the estate shall go to George Seeley and Mary Morford, share and share alike. It is alleged that Seeley, who was also reared by the Furrys is claiming an interest in the trust fund of \$5,000 without right. It is alleged that Seeley assigned all his right in the personal estate of Solomon Furry to Nancy Furry for the sum of \$3,000 and one of the purposes of the suit is to see if he has a right to share in the estate at this time.

It is pointed out in the complaint that Howard E. Barrett, plaintiff and petitioner herein, was named by said decedent as the executor of said will and on the 10th day of July, 1896, executed his bond and qualified as such executor and took upon himself the administration of such trust and has ever since said July 10, 1896 acted as the sole executor of said will and is now so acting.

"That item third of said will provides as follows: I also devise to Howard E. Barrett as trustee for the said Mary Morford the sum of \$5,000, said trustee to give bond as required by law of guardians and to report to court as guardians. He shall pay the income from said \$5,000 to said Mary C. Morford annually and shall have power to invest such sum in real estate whenever in his judgment it will be to the best interests of said trust, the title to such real estate to be taken the same as the above eighty acres."

The complaint then recites the death of Mrs. Morford and names her heirs. "Said petitioner would further represent to the court that said Nancy Furry departed this life, estate, at said Rush county, Indiana, on the 26th day of May, 1916."

## FALLS FROM LOAD OF HAY

**James Curson of Manilla Sustains  
Badly Broken Shoulder Blade**

James Curson, a well known resident of Manilla, sustained a badly broken shoulder blade yesterday in a fall from a load of hay. He was engaged in loading hay and in some manner fell backward off the load, landing on his head and shoulders. The bone was broken and jammed far up in the shoulder and Mr. Curson was taken to an Indianapolis hospital for an examination. Physicians who were called were unable to reduce the fracture and it was thought best to take him to Indianapolis. It is likely that the arm and shoulder will permanently be crippled.

## GEORGE BOY ILL; GRANTED PAROLE

**Youth Sentenced Here For Burglary  
May 5, 1916, is Suffering With  
Bright's Disease.**

### HIS CONDITION IS HOPELESS

James George, 16 years old, sentenced to the state reformatory on a charge of second degree burglary on May 5, 1916, has been paroled by Governor Ralston upon recommendation of the superintendent of the Jeffersonville institution. The superintendent reported that the George boy is suffering from Bright's disease and that he is hopelessly ill. The boy will be permitted to return to his home.

In March he was arraigned in juvenile court on a burglary charge. Sentence was withheld and he was permitted to go and warned to be good. He admitted stealing a pair of skates and the charge was transferred to the criminal docket and judgment pronounced.

## FIRE DEPARTMENT IN NARROW ESCAPE

**Team and Two Men on Wagon Nar-  
rowly Miss Death by Being  
Run Down by Traction Car**

### ARE MISSED ONLY BY INCHES

The city came near losing the fire department team and two firemen this morning when the team dashed out the door into Third street to answer an alarm and almost went in front of a passing Indianapolis and Cincinnati Traction car. Driver John Willis showed great presence of mind and pulled with all his might, heading the team down the alley. The horse on the right barely grazed the car and the wagon pole was only inches from the car.

The car was the one due at 11:42 a. m., eastbound, and was in charge of Motorman Samuel Warfel. Warfel applied the brakes and the car slid past the fire station. The team made a wild dash down the alley, but Willis finally gained control and answered the alarm. Joe Williamson was on the wagon with Willis. The fire was in a barn in the rear of the Charles Frank residence, 336 West Tenth street. The blaze was extinguished before the department arrived.

Mrs. J. Hooker Wilson is recovering from a serious illness.

## GIVES REASON FOR TAX RISE

**James P. Goodrich, in Opening Re-  
publican State Campaign, Calls  
Democrats to Account**

### "DESERVING DEMOCRATS"

**Says We are Persuaded There are  
Enough on Payroll Now  
Without Adding More**

Greencastle, Ind., Aug. 23.—In a formal address, devoted altogether to state issues, James P. Goodrich, of Winchester, Republican candidate for Governor, opened the Republican state campaign here last night, with a scorching arraignment of the Democratic party in Indiana. He charged the Democratic party, after promising a reduction in the expenses of state government in 1908, when it came into power, with having inaugurated a regime of extravagance and reckless dissipation of public funds, such as the state has never before seen.

The meeting was the largest held in Greencastle in many campaigns. Many former Progressives had a prominent part in the meeting. Charles McGaughey, candidate for state representative, introduced Mr. Goodrich.

Mr. Goodrich gave the average annual cost of the three last state administrations in Indiana. From 1905 to 1908, he said, it cost the taxpayers of Indiana \$6,974,802.46 each year to run the state government. In 1908, Mr. Marshall was elected Governor and the cost of administration immediately began to go up. The average cost of running the state government during Mr. Marshall's term of office, he said, was \$8,229,992.54, an increase of \$1,255,189 every year, and during Mr. Ralston's administration, the cost of state government has amounted to \$10,708,272.20, or an increase every year over the cost of the last Republican administration of \$3,733,469.74.

"In 1908, and in previous campaigns," said Mr. Goodrich, "our Democratic friends came before the people charging the Republican party with reckless extravagance, with having created new and useless offices and bureaus and otherwise with having wasted the people's money. Have our Democratic friends made good? Let the record answer and let the verdict of the people be rendered upon that record. The Republican party has been out of power in Indiana for the longest period since the Civil war. Since December, 1910, the Democratic party has had full control of every branch of the state government and since 1912 has had almost complete control of every county in the state. If your tax receipts, state county and local, show larger figures than ever before, the responsibility must rest upon the party which came into power in this state pledging you that it would reduce expenditures and lower taxes."

Mr. Goodrich then called attention to the increased state tax rate and in this connection presented a table showing the average rate of taxation for state purposes during the last six state administrations. The average rate under Matthews, a Democrat, he said, was 34.75 cents on the \$100. Under Mount, a Republican, he said, the rate fell to 29.74 and increased only slightly to 30.21 under Durbin, a Republican, and to 32.35 under Hanly, a Republican. Under Marshall, a Democrat, the average state tax rate was 32.22 and this was increased under the present Democratic governor of

## ASKS COURT TO CONSTRU WILL

Continued from Page 1

and the sole legatees under her will are defendants Thomas C. Bishop, Cora Bishop and Joseph Bishop. Said petitioner would further represent that one of the heirs of said Mary C. Morford lives in the state of Iowa and the other heirs live in different sections of the state of Indiana and are not so situated as to make it convenient or profitable for them to hold lands jointly and in the opinion of your petitioner it would not be practicable to invest said sum of \$5,000 in real estate and take the title as directed by the terms of the said will, in view of the death of Mary C. Morford, and your petitioner believes it would be for the best interests of all parties interested in said sum of \$5,000 to have the same distributed among such parties as their respective interests may be shown to the court without the intervention of a trustee as provided in the will.

The complaint then set out another provision of the will giving all of the residue both personal to George Seeley and Mary Morford. It is then alleged that notwithstanding a written agreement between Mrs. Furry and Seeley, he is claiming an interest in the trust fund. The agreement is made a part of the complaint.

We put it up to Hundreds of Dentists

Long before SENRECO was offered to you we submitted it to hundreds of dentists, requesting that they put it to every test. Told them that we believed Senreco to be an unusually good dentifrice, especially as to its cleansing qualities and its remedial action on sore, soft, bleeding gums; in the treatment of Pyorrhea, etc. Submitted the formula and asked them their opinion. They tested Senreco from every angle; some going even so far as to make a chemical analysis—

And They Voted Yes

With practically one accord—said:

"Senreco appeals to me more than any dentifrice I have ever seen." "I cannot say too much for Senreco. It's one of the best I have used." "I can recommend Senreco as the best." "Makes the teeth glister and is free from injurious ingredients, including pumice and grit." "I am indeed glad to get a tooth paste that does the work." "Congratulate you on formulating a dentifrice that gives one a new idea of mouth cleanliness, etc." (These quotations are from the dentist reports. Originals on file at our office.)

With such endorsements from the men who know; why not go to your dealer today and get a tube of SENRECO—25c. Keep your teeth REALLY CLEAN, and protect yourself against Pyorrhea and decay.

• A copy of the folder, "The Most General Disease in the World" together with a liberal trial size tube of SENRECO will be mailed you for 4c in stamps. The Sentinal Remedy Co., Inc. Dept. B, Masonic Temple, Cincinnati, Ohio.

**S**OMETHING happens somewhere! Instantly the Daily newspaper catches it up and screens it on the printed page everywhere.

Every day, every hour, the presses are humming and the daily newspaper is showing life's moving picture to an eager audience.

No printed word approaches the newspaper in its universal, compelling, constant appeal. No other medium bears such an intimate relation to everyday life.

People expect your advertising in the newspapers because advertising is part of life's daily story. That is why the newspaper produces such great results to users of space.

Those who advertise in newspapers not only reach the great buying public, but bring a compelling influence on retail dealers. The reason of this is obvious—retailers are newspaper readers like everyone else.

### Amusements

The Gem players offer their feature bill of the week tonight. It is entitled "The Birth of a Nation" and is a dramatization of the famous motion picture of the same name. A complete change of vaudeville will be offered as usual and Mabelle will answer all questions.

The Gem will show the feature drama "Heartache" for the first picture tonight. It is a stirring drama of the south and features Dorothy Davenport and Emory Johnson. The second picture is a comedy entitled "Her Celluloid Hero." Eddie Lyons, Lee Moran and Ethel Lynne are featured. One other good picture will also be shown. Tomorrow, matinee and night the feature picture shown by request "Little Mary Sunshine" will be shown.

The Princess offers the five reel feature "The Flames of Johannis" for the program tonight. Nance O'Neil is featured. She is starred in a dual role and under the direction of Edgar Lewis the picture is said to be the best in months. Between the characters of Marika and Zirah there is a wide traverse. Each calls for powerful acting and this is supplied by Miss O'Neil. Tomorrow matinee and night the feature picture "The Gods of Fate" will be shown. Richard Buhler, famous for his fearlessness, is featured. In one scene he rescues his father from a fire. This is said to be one of the most thrilling scenes ever staged.

The special State Fair Week attraction at the Shubert Murat Theatre, Indianapolis, will be George V. Hobart's modern morality comedy drama "Experience." The engagement will begin with a matinee Labor Day, Monday, September 4th, and will continue through the entire State Fair week. There will be bargain matinees Tuesday and Wednesday and the regular matinee Saturday afternoon.

"Experience" comes to Indianapolis by public demand and after phenomenal runs of nine months in New York, seven months in Chicago and five months in Boston. In these cities the play broke all records of attendance, and played to more people in these three cities and wherever it has been presented than any other attraction in the history of theatricals.

The famous New York Experience organization with its cast of 82 notable characters will be seen at the Shubert Murat Theatre. The play will be presented in ten magnificent scenes. It will be the largest attraction that has even been booked in Indianapolis and probably no attraction as large as Experience will be presented in Indianapolis for the next ten years.

In its brilliant scenes, Experience tells a love story of a youth, and the temptations he meets in quest of fame and fortune. It is a modern stage production that combines everything that is intensely emotional and thrillingly dramatic.

It is a drama, it is adventure, it is a love story, and each character is intensified by being not a colorless figure, but a personification. Mr. Hobart in selecting the various temptations which confront youth, has decided to have them portrayed by beautiful and attractive women and the characters of the play, instead of being called by the usual proper names are called by the name of the vices and virtues they represent, such as Youth, Experience, Ambition, Sport, Sack, Crime, Grouch, Snark, Cheat, Indolence, Rascal, Poverty, while among the characters represented by ladies are Pleasure, Opportunity, Gush, Excitement, Song, Passion, Frailty, Frivolity, Intoxication, Fashion, Degradation, Love, Hope and so on for the various people shown in the play.

I wish to advise you of the wonder-  
ful results I obtained from taking  
NA'COR. I had suffered from asthma  
and catarrh and the doctor advised me  
that my lungs were weak. I was los-  
ing in weight, coughing and expector-  
ating and had pains in chest.

I began taking NA'COR on April 5  
and after I had finished about one-  
fourth of a bottle, I could eat and  
sleep better. I gained from two to  
three pounds a week. After I had  
finished the bottle, I stopped coughing  
and even gained more in weight and  
strength. I now feel strong and as  
healthy as any one and my doctor up-  
on examination stated that I am all

### \$100 Reward, \$100

The readers of this paper will be  
pleased to learn that there is at least one  
dreaded disease that science has been  
able to cure in all its stages, and that is  
catarrh. Hall's Catarrh Cure is the only  
positive cure now known to the medical  
profession. Catarrh being a constitutional  
disorder, requires a constitutional treat-  
ment. Hall's Catarrh Cure is taken in-  
ternally, acting directly upon the blood  
and mucous surfaces of the system, there-  
by destroying the foundation of the dis-  
ease, and giving the patient strength by  
building up the constitution and assisting  
nature in doing its work. The proprietors  
have so much faith in its curative pow-  
ers that they offer One Hundred Dollars  
for any case that it fails to cure. Send

### Goodrich's Speech

James P. Goodrich, Republican  
candidate for governor, made plain  
what the principal issue in the state  
campaign this fall will be when he  
made his formal opening address  
last night in Greensburg. He will  
make a direct appeal to the tax-  
payers, whom there is none  
more interested in the conduct of  
the state's affairs.

Mr. Goodrich made a good begin-  
ning last night. He revealed that  
the term "deserving Democrats,"  
coined by William Jennings Bryan,  
applied just as well in Indiana. By  
citing the records to speak for  
themselves, he showed how during  
the last three Democratic state ad-  
ministrations new offices had been  
created steadily, and in the mean-  
time the tax burdens have been rising  
in Indiana.

He cited instances in nearly every  
state department, but merely a few  
examples taken from his speech will  
suffice. The public library com-  
missioner's expenses have increased  
since 1908 from \$7,500 to \$12,500.  
In the state library, salaries alone  
have increased over 100 per cent.  
Salaries paid in 1915 were \$13,-  
292.92 and in 1908 \$6,222.

The office of fish and game com-  
missioner in 1908 collected \$70,-  
168.41 and paid out \$72,174.49.  
With but one exception since 1908,  
the department has not collected  
enough to pay expenses despite the  
fact that the revenue of the office  
has grown annually. Mr. Goodrich  
charged his office was a haven for  
"deserving democrats."

Mr. Goodrich pledged himself, if

Thousand's gratefully testify.  
To quick relief—to long results—  
Rushville readers can no longer  
doubt the evidence.

It's convincing testimony—twice-  
told and well confirmed.

Rushville readers should profit by  
these experiences.  
S. Bebout, 316 W. First St., Rush-  
ville, says: "I had pains through my  
back and kidneys. The action of  
my kidneys was irregular. I used  
Doan's Kidney Pills and they soon  
made me better."

The above statement was given on  
July 27, 1912, and on Aug. 25, 1915.  
Mr. Bebout said: "Doan's Kidney  
Pills have given me a cure that has  
remained permanent."

elect to abolish the oil inspection  
department and let the state food  
and drug department do that work,  
thus saving the state \$100,000, an-  
nually. Continued Mr. Goodrich:

"No comparison can be made as  
to the industrial board with its  
twenty-nine deputies, as no such of-  
fice existed in 1908; nor with the  
Public Service Commission and its  
force of accountants, engineers,  
inspectors, stenographers, etc.,  
drawing in salaries alone, \$86,247.78  
per year, as it has been created  
since 1908; now with the fire mar-  
shall's office and its corps of officials  
drawing \$35,000 a year and sup-  
ported by the insurance companies;  
nor with the automobile department,  
with its eighteen deputies, drawing  
annually \$20,580.00 out of the funds  
contributed by the automobile own-  
ers of the state."

Other notable increases have  
been:

Attorney General, \$908.00; Fish  
and game commissioner outside his  
large force of deputies, \$1,800.00;  
Adjutant General's office, \$720.00;  
Bureau of Printing, \$1,600.00; Clerk

185.00; Superintendent of Public  
Instruction, increase in salaries and  
new officials, \$9,500.00.

### Maine Prospects.

Ralph D. Cole has returned from  
Maine, where he opened the Repub-  
lican campaign, enthusiastic over  
Republican prospects. Mr. Cole de-  
clares that Republicans and former  
Progressives are working hand in  
hand; that there is perfect loyalty  
to Hughes and absolute co-ordina-  
tion of effort. He is loud in his  
praises of the Republican candidate  
for Governor, Carl Milliken, who

Patoka, Ill.—"I had been married  
five years and my greatest desire was  
to become a mother. The doctor said I  
never would have a child unless I was  
operated on for female troubles and  
I had given up all hopes when a friend  
told me of Lydia E. Pinkham's Vege-  
table Compound. I took it regularly for  
some time, and I am

in better health than ever, and have a  
healthy baby girl. I praise your Vege-

STEPHENS, R. F. D. No. 3, Patoka, Ill.  
Lydia E. Pinkham's Vegetable Com-  
pound is so successful in overcoming  
woman's ills because it contains the  
tonic, strengthening properties of good  
old fashioned roots and herbs, which act  
on the female organism. Women from  
all parts of the country are continually  
testifying to its strengthening, curative  
influence.

It has helped thousands of women

on the floor by September 4th, and at prices that will look good to  
you. We will have five of the best known makes of storm buggies  
of the latest styles and designs. Rubber tired and all styles at a price  
of \$100.00. Look at that! Then look at the price the other fellow  
is asking you for storm buggies! What do you think about it?  
Where are you going to buy? Of course you are going to buy where  
you can do the best. Don't put it off, for our supply is limited to  
what we have contracted for. Then we will have to do like the other  
fellow, and raise the price. Let us have your order for one of these  
as soon as possible, as they absolutely can not last long at this price.

commands the respect and support  
of the people and who is making an  
excellent campaign. "Maine has al-  
ways been noted for its patriotism,"  
says Mr. Cole, "and the men who  
shouldered a musket in '60 and '61  
are filled with indignation at Wil-  
son's weak and vacillating and un-  
patriotic conduct of our relations  
with Mexico. You find magnificent  
specimens of American manhood in  
Maine, men who are Americans first,  
last and all the time, stern, manly,  
rugged, and it makes their blood boil  
to hear of American men murdered,  
American women outraged and  
American soldiers treacherously  
shot down while the President of the  
United States, fearing that any step  
will hurt him politically, contents  
himself with writing notes and ar-  
ranging for a "conference" with  
those responsible for the wholesale  
murder of American citizens. Maine  
is as certainly in the Republican  
column as it ever was in our his-  
tory."

### The Shipping Bill.

The senate has passed the Mc-  
Adoo-Wilson Shipping bill and it  
now goes to conference. It has been  
shorn of some of its worst features,  
but still serves some highly desirable  
purposes. Its passage will "save  
the President's face." It will pro-  
vide a number of securities for "de-  
serving Democrats." First come the  
members of the Shipping Board,  
with salaries of \$7,500 each, then  
all the securities and employees.  
Then it appropriates \$50,000,000 out  
of the Treasury, and every experi-  
enced politician knows how conven-  
ient it is to have \$50,000,000 to ex-  
pend on the eve of a Presidential  
election. Oh yes, it's a fine bill.

## RACE 'TIL DARK FOR A DECISION

Drivers in 2:24 Trot Agree to Drive  
Last Heat After Sundown in  
Order to Finish It

### FOUR RACES SEEN THURSDAY

Two Events are Won in Straight  
Heats, Including Stake Race  
For \$500 Purse

The best race on Thursday's program at the county fair was saved until the last. This was the 2:24 trot which went the full five heats and was finally won by Grey B. The last heat was not finished until 6:15 o'clock and was raced after sundown by agreement among the drivers. Only a small crowd remained to see the finish.

Miss Advertiser won the first two heats of this race and it appeared to be all over. But on the third heat Grey B., won by a hard drive in the stretch and from this time on was never headed. The fourth heat ended just as the sun went down and under the rules the race would have been carried over until today, but the drivers were anxious to finish the card and agreed to run the fifth heat. The race was the most interesting on the program as the other events were taken in straight heats.

The horses got away late in the first race. With a four race program the races were scheduled to start at one-thirty o'clock and it was almost two o'clock before the horses began scoring for the first heat. The 2:25 pace, the stake race of the afternoon for a \$500 purse was won easily by M. In the first two heats it was apparent to everyone in the grand stand that Moberly, driving Posey H., was not driving to win. The judges announced that they would fine both the drivers of Posey H. and Arcola if they did not make a better effort in the final heat. The threat did not make any difference in the finish as Colonel M., was never headed and took the race in straight heats.

The 2:40 pace was won by Henry R., over a field of two other horses. Henry R., was pushed hard by Bertha Highwood but came under the wire a winner.

The 2:16 trot furnished a good race. The first heat was won by Woodrow Wilson, but Allen Boy, driven by Dr. Smith of Flatrock, came back and captured the next three heats. Allen Boy broke on the back turn in the first heat and Woodrow Wilson won pulled up. In the second heat Woodrow Wilson led the field into the stretch when Allen Boy showed his class and won the heat by an ock. The third heat was a repetition of the second and the fourth and final heat was easy for Dr. Smith. The best time of the race was 2:19 1/2, made in the second heat.

The best time of the afternoon was made in the 2:25 pace when Colonel M., went the final heat in 2:15 1/2. The summaries:

### AID COMES FOR FRICHTON MAN

Louis Conoyer Tells of His Relief  
Through the Use of  
Tanlac

Vincennes, Ind., August 24.—Among the many people of this city and vicinity who are enthusiastic in their praise of Tanlac, is Louis Conoyer, a farmer, who lives on rural route No. 2, Frichton Ind., east of this city. He said:

"I have had stomach and kidney trouble for a long time. Rheumatism also bothered me. My kidneys were weak and irregular. I had to get up several times each night. I had indigestion. Gas formed on my stomach. Rheumatic pains in my right arm and shoulder were severe. "It seems since I have taken Tanlac, that the stomach trouble is a thing of the past. I eat heartily now and formation of gas don't bother me. My kidneys are in fine shape. I don't have to get up at night now. The rheumatism also is a lot better."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, rheumatism, nervousness and the like, and is a fine system cleanser and general tonic. Tanlac is now sold exclusively in Rushville at F. E. Wolcott's drug store; in Arlington at Mrs. L. T. Davis's; in Carthage at J. H. McCarthy & Son's, and in Milroy at Barton & Sheppard's.

## SAY EXAMS ARE MORE DIFFICULT

Teachers Declare Tests For Licenses Are Stiffer Than Formerly—May Not Be Fitted.

STATISTICS NOT AVAILABLE  
Trustees Have Trouble Finding Teachers and Some go to Other Counties.

(By United Press.)  
Indianapolis, Ind., Aug. 25.—Are the examinations for teachers in the Indiana public schools becoming harder or are the applicants less fitted to take these examinations? Several hundred Hoosier school mistresses and schoolmasters lay it on the examinations.

While statistics are not available, reports from township trustees throughout the state indicate, it was said by the school officials here today, that a larger per cent. of applicants will make a final attempt to secure licenses in the examinations to be held Saturday than ever before. Among the number are many ex-teachers as well as first-timers.

Many trustees have reported they face the beginning of school with a smaller supply of teachers to draw on than ever before. Many say that teachers to whom they promised positions have not yet obtained licenses and should these teachers fail in

Saturday's examination, the trustees will have to call on extra teachers from other countries. Very few complaints in the shortage in the teacher crop have been received from school boards in the towns and cities. The shortage is noticeably marked in the country schools.

Some trustees have served notice that hereafter an applicant for a position must show a teacher's license before a promise of a position will be given.

BOEGERSHAUSEN-MAXEY  
The Indianapolis News gave the following account of the wedding of Miss Isabelle Boegershausen and Leon C. Maxey, formerly of this city, and son of Mr. and Mrs. Morris A. Maxey, of West Fourth street:

The marriage of Miss Isabelle Boegershausen, daughter of Mr. and Mrs. Julius Boegershausen, and Leon C. Maxey, formerly of Rushville, took place at 5:30 o'clock Wednesday evening at the home of the Rev. Father Fisher, who pronounced the ceremony. The bride was attended by Miss Viola Hackman of Rushville, who wore a gown of blue taffeta and carried pink rosebuds tied with pink tulle. The bride wore a maroon colored suit and carried white rosebuds tied with white tulle. Ross Cannady was the best man. Following the service a wedding supper was served at the bride's home, which was decorated with palms. The bridal table was arranged with white roses and ferns. Among the out-of-town guests were Mr. and Mrs. Morris Maxey of Rushville, the parents of the bridegroom, and Miss Alma Hackman, also of Rushville. Mr. and Mrs. Maxey will be at home after September 4 in the Alexander apartments.

NOT A MISS IN 45 YEARS  
(Greensburg News)

William M. Stewart departed last evening for Richmond where he will make a brief visit with his sister, Mrs. Elizabeth Hodgkin, and then he will go to Rushville to attend the Rush county fair, now on. Mr. Stewart has never missed a Rush county fair in the last forty-five years, and does not propose to break away from this rule at this time. His father was a member of the fair board sixty years ago and his mother made the first badges that were worn by the board.

HOOSIER BRIEFS.

Wabash—Neighbors cleaning house at the home of Mrs. Katherine Valentine who is ill at a local hospital found \$530 hidden in old clothes and dishes. Thirty dollars in silver were found in an old sugar bowl and \$500, nearly all in paper, in a bundle of old clothes.

Seymour—The spirits of the '60's has not died out. G. A. R. veterans have petitioned the city council asking that the statue of a soldier in Shield Park here be painted blue instead of stone gray.

Vincennes—County agent Lyman M. Butler has just completed a campaign in the interest of better wheat in Knox county. Meetings were held in every township in the county.

## CARRIEDAWAY BUNCH OF GIFTS

Fort Wayne Aviator, According to Japan Paper, Requires Five Trunks to Carry His Trinkets.

SMITH WILL LIKELY RETURN  
Promised His Admirers That he Would Come Back and Fulfill His Contracts.

(By United Press.)  
Fort Wayne, Ind., Aug. 25.—When Art Smith, the daring American aviator, arrives in Fort Wayne in a few days to visit his home folks he will bring with him, according to the Japan Advertiser, more tokens of admiration of the Japanese people than any American visitor to Japan other than persons making official visits.

A copy of the Advertiser which arrived here from Tokio today describes in detail the presents given the local boy and tells of his departure from the land of the Mikado.

The presents according to the Tokio newspaper fill five large trunks. When Smith sailed he wore on his breast twenty large gold medals given him by different organizations and cities in Japan. Among the twenty was the medal presented by the Japanese National Aviator association, which is studded with thirty-four large diamonds, emblematic of his daring flight in a 34-metre a second wind at Anyoams, and a massive gold plaque, from the city of Tokio.

Following Smith's fall at Sapporo where he received injuries which forced him into a Chicago hospital a money gift of 13,500 yen, or \$6,729.75 was raised by subscription. Some of the leading families of Japan contributed to this fund.

Upon leaving Japan Smith promised his Japanese admirers he would return next year and carry out the contracts which had to be called after his fall. Most of these contracts call for flights in the province of Kyushu.

According to the Advertiser large crowds of admirers who look upon Smith as a hero gathered at the pier to see him off. Among the number was General Nagaoka, president of the National Aviation association. The grizzled old veteran of Japan's army is said to have broken down and cried when he told the American flyer goodbye.

OLDEST HARNESS MAN DIES.

(By United Press.)  
Indianapolis, Ind., August 25.—Isaac Herrington, age 79, pioneer Indianapolis business man, the oldest harness dealer in the state, died here today following an attack of heart disease. He was born near Dublin, Ind.

## BIG DRAIN CONTRACT LET

Large Project is Under Way Affecting Three Counties

(By United Press.)

Brazil, Ind., Aug. 25.—The contract for the construction of one of the largest drainage projects ever made in the state was to be let here today when Drainage Commissioner William S. Wawley received bids for the big Mizer ditch.

The contract provides for the straightening, widening and deepening of the channel of Bel river to shorten the flow of the river, prevent the flooding of bottom lands and reclaim thousands of acres of valuable land. The project, which will cost approximately \$275,000 will affect the counties of Clay, Owen and Greene.

## THE MEN WHO KNOW CHEW

### "OLD KENTUCKY"

No Other Tobacco Has a Flavor That Gives Them So Much Enjoyment

### SWEET, FRUITY, SATISFYING

If you should visit the great tobacco-growing, tobacco-manufacturing centers, you would find that the men who are the best judges of tobacco in all its forms chew plug tobacco.

Old Kentucky gives you the full benefit of the natural juice of the leaf—and the juice contains all the flavor, and all the wholesome, satisfying elements which make it so valuable as well as enjoyable.

Old Kentucky is chewed by more tobacco experts than any other brand. Its sweet, mellow flavor pleases them, and they know that it is made of choice, selected, ripe Burley leaf, in a clean, sanitary factory.

A toe plug of Old Kentucky is fresh and delicious. You'll say you never tasted its equal, and the more you chew it the better you'll like it. Get it from your dealer.

## GIVES REASON FOR TAX RISE

(Continued from Page 1.)

Indiana, to 40.10, or 25 1/10 per cent.

"Now it will not do," added Mr. Goodrich, "for the opposition to say in a general way that this increase has been due to the increased functions performed by the state and the large increase in the amounts devoted to educational purposes, for when all these facts are taken into consideration, a huge balance is left to be accounted for, and the chief concern of the Democratic party should be to account for that balance to the satisfaction of the taxpayers of Indiana."

The Republican candidate for Governor then proceeded to point out the places in the management of the state benevolent institutions and cited Mr. Ralston's Richmond speech for proof.

"When we average all the charitable and correctional institutions of the state," said the speaker, "we find that gross maintenance during the last Republican administration cost \$167.78 per capita and under Ralston \$207.37, an increase of \$39.59 per capita. To put the case concretely, had our state institutions been managed as efficiently in 1913, 1914 and 1915 as they were in four years of the last Republican administration, with an institutional population of 12,254, there would have been saved to the taxpayers of Indiana, during these last three years, the enormous sum of \$1,497,475.48, or an average yearly, of \$495,825.16. Is this not half million dollars a year a rather high price for the taxpayers of Indiana to pay for Democratic inefficiency? Is it any wonder that Governor Ralston in his Richmond speech complained of the great difference in salaries paid and of the gross extravagance?"

The speaker then quoted from Governor Ralston's Richmond speech. Governor Ralston said, on that occasion, "there can be saved taxpayers of Indiana in purchase of food supplies, without in any way neglecting the needs of the inmates, \$250,000 per year, if not a greater sum. "Mr. Goodrich declared the remedy proposed by the Governor, the abolition of the individual institutional boards and the creation of a central purchasing board of high salaried officials to supervise the various state institutions was one to which he did not subscribe. He said the Wright report, to which the Governor referred, showed the per capita cost of central supervision to be much higher than our present cost," even under the inefficient management referred to by the Governor in his speech."

"It is true," said Mr. Goodrich, "that by this method a large number of 'deserving' Democrats could be taken care of, but we are persuaded the state of Indiana now has enough 'deserving' Democrats on the payroll and prefers a reduction rather than an increase in number. Believing as I do that, under the present system of control, an economical administration is attainable by the application of simple business methods in conducting the business of the state, and in the light of the efficient record of three Republican administrations, I am opposed, at this time, to the creation of a central board and the abandonment of our present system."

"The question naturally arises: If the present method is inefficient and extravagant why did the Democratic party wait seven years to advocate this change? Why did they wait to propose it until the signs of the time point to their retirement from the control of affairs in Indiana?"

Turning to salary increases made by the Democratic party during the last seven years, Mr. Goodrich called attention to the individual items.

"The annual payroll of the state board of health in 1915," he said, "was \$47,236.00. In 1908, the payroll amounted to \$27,000. The annual payroll of the state board of education in 1915 was \$1,122.75 and in 1908 \$545.76, or an increase of \$577, more than 100 per cent."

## APPEAL MADE TO PRESERVE DUNES

Centennial Pageant at Michigan City Asks People to Save Scenery of Lake Front.

GIVEN IN SIX EPISODES

Democratic Editors Are Visitors—

Esther Rommel Leading Genius in Affair

(By United Press.)

Michigan City, Ind., Aug. 25.—"The Spirit of the Dunes" descended on Michigan city today with an appeal to the century old state of Indiana to preserve the fast-disappearing beauties of the state's lake front. The appeal of the Spirit was made at this city's celebration of Indiana's centennial and was witnessed by several thousand people, including members of the Indiana Democratic Editorial Association.

"The Spirit of the Dunes," impersonated by Miss Esther Rommel, was the presiding genius of the entire pageant consisting of six episodes.

In Episode One the Spirit of the Dunes was seen with the other spirits before man has ever appeared. Then was shown the coming of the Indian and then the appearance of the French trappers.

The second episode showed the town of Michigan City in its infancy. The early history of transportation with the turning of the first spade of earth for the Michigan Central railroad was pictured in the third scene. The progress of prison reform from justice and punishment to reformation was deliberated in episode four. The response of the city to the call of '61 was the subject of episode five.

If the final episode the appeal was made by the Spirit of the Dunes to Indiana to protect her and preserve the Dunes.

**Notice of Final Settlement.**

## GERMAN LINER CROSSES ATLANTIC

Williehad Adds Another Chapter to Defiance of Allied Warship Patrol Along U. S. Coast.

### FORECASTS BREMEN'S COMING

(By United Press.)  
New London, Conn., August 25.—Nosing her way through a fog while a little tug puffed and snorted alongside, the North German Lloyd liner Williehad, swung into the pier of the State Ocean Steamship company, here today, adding another chapter to German defiance of the allied warship patrol off the Atlantic coast.

Custom officials and all New London believe the coming of the Williehad forecasts the early arrival of the merchant submarine Bremen from the German port of that name.

The Williehad made the trip from Boston without escort. Coming through the Cape Cod canal and thence out to open sea, the liner traversed more than fifty miles of her journey through a zone in which she was subject to attack or capture, had enemy ships sighted her. She went out beyond the 3-mile limit but was not molested.

## BULGARIANS TO EVACUATE GREECE

Ordered to Vacate Grecian Territory by Germany on Representations From Athens.

### PUBLIC INDIGNATION HIGH

(By United Press.)  
London, August 25.—Germany has ordered the Bulgarians to discontinue their advance in Greece and to evacuate occupied Greek territory, fearing Greece will be drawn into the war, according to an unconfirmed wireless dispatch from Rome today.

Several Greek generals have refused to obey orders to evacuate positions in Macedonia, the dispatch said. In retreating they have prepared to defend the eastern Macedonia forts. Greece is said to have laid this information before Germany, adding that public indignation has increased to such an extent that the government is no longer master of the situation. Upon receipt of this information Germany ordered the Bulgarian withdrawal, it is said.

The crew that returned Wednesday night from the first trip expressed willingness to enroll for another voyage.

## ARE HOPELESSLY AT LOGGERHEADS

With This Situation Existing in Strike Negotiations, Wilson Calls Brotherhoods

### NO BEARING ON SOLUTION

They Are Assured, They Say, President Will Stand by First Proposal That he Made

(By United Press.)  
Washington, August 25.—With President Wilson and the railway presidents apparently hopelessly at loggerheads in their effort to prevent the threatened strike, the president today stirred up excitement by suddenly calling the heads of the railroad brotherhoods together.

The conference with the brotherhoods lasted an hour and a half, adjourning just at noon. According to the workers' representatives, however it left the situation unchanged.

They were asked to accept no compromise, the brotherhood chiefs said, and gave the impression as they left the white house that the president might be expected to stand by the proposal which they have accepted but which the railroads have refused.

The brotherhood men, while at the white house, placed before the president the charge that a nationwide lobby is being conducted to influence sentiment in favor of the railroads.

They presented telegrams to show that the Northern Pacific railway is paying for favorable messages forwarded to Washington.

A meeting of the railway presidents lasting from 11 a. m. to 1 p. m., resulted only in the announcement that they had agreed on no proposal to make to the president and would convene at three o'clock.

## ATTENTION DRAWN FROM THE BALKANS

Double-Barrelled Offensive on Somme Front Brings Admission From Berlin Today.

### MAURETAS LOST TO FRENCH

(By United Press.)  
London, August 25.—A successful double-barrelled offensive by the allies forces on the Somme shifted interest from the Balkan fighting to the Western battlefield today.

The German war office this afternoon admitted the loss of Mauretas village to the French. The French war office announced that General Foch's troops are consolidating in new positions north of Mauretas, only a mile and a half from the important town of Comblès, the local objective of the present French advance north of Somme.

## FINDS REASON FOR NEUTRALITY

Shepherd Says English Would Have No Difficulty Analyzing Middle West Situation.

### ALL NATIONALITIES MIX

Germans, Greeks, English and Scandinavians Are Found in the Regiments of U. S.

BY WILLIAM G. SHEPHERD  
(U. S. Staff Correspondent.)

Mercedes, Texas, August 25.—(By Mail)—The Middle West. There's a name that sticks in the craw of British statesmen.

All the rest of America the Britishers can analyze when they attempt to measure the pro or anti ally leanings of Americans. The Middle West stumps them. It isn't anti ally, but it isn't anti German, they say.

What is it then? I have had this question asked me by such leading Englishmen as Sir William Turrell and St. Loe Strachey, editor of The Spectator. And American is Europe for 2 years during the war couldn't answer the question. Here in Mercedes in the heart of the military district where middle west regiments of militia abound you shortly discover why the middle west hasn't taken sides in the European war.

"So you were in the war in Europe," a fleshy officer asks you. You'll find his type throughout the German army; also his broken English. "What side were you on?" "Both sides," you say; and he smiles. His name is F. E. Resche and as brigade commander of the three Minnesota regiments he has some 2500 American soldiers under him.

"Look at his face and see if he doesn't look like an Englishman," says Col. H. V. Eva of the second Minnesota regiment, into whose tent Resche has just come. "I was born in England and I know an English face when I see one," continues the Colonel. Resche laughs heartily.

"Come on, come on," he says in his broken English to the Colonel, who is his inferior. "Didn't you promise me you'd ride to town with me?" So the man who was born in England and the man who was born in Germany, both soldiers in Uncle Sam's army, ride away together in an automobile, laughing. A British statesman puzzling over the Middle West, would have broken his thinking machine at the very sight.

When private C. H. Stinger of Lemington, Nebraska, was drowned a few days ago, Colonel George A. Eberly of the Fourth Nebraska found a diver from the British army in his regiment who volunteered to seek the body.

Kuan Zuo Lee of Korea and Kearney, Nebraska is a member of company L, Fourth Nebraska. Omaha

and Hastings companies have several Greeks on their rosters. Such men are likely to add to the neutrality of the Middle West.

In the Fourth Nebraska also is Winfield Haldt, who was on the Carib, sunk by a mine in the North sea, when he and the crew, with the exception of three killed by explosions, were picked up by the Germans and later released. He's a neutral type.

The First North Dakotas include large numbers of Scandinavians and Col. J. H. Frayne is said to be able to give orders in the Scandinavian tongue when necessary.

Two hundred and eighty Quaker cavalymen from Iowa add a further mixture to the mixed hue of the Middle West.

An English statesman in Texas would shortly find an answer to his question as to why the Middle West is neutral.

## ZEPPELINS REACH LONDON

Drop Bombs, Killing Eight People and Wounding Twenty-One.

(By United Press.)  
London, August 25.—One of the six Zeppelins that raided England last night reached the outskirts of London and hurled down bombs, slightly damaging electric power stations, General French, commander of the home forces announced.

Three men, three women and two children were killed by the raiders. Seven men, eleven women and three children were wounded.

## ESCAPADE IN AUTOMOBILE

Three Rushville Men Held in Connorsville on Intoxication Charges.

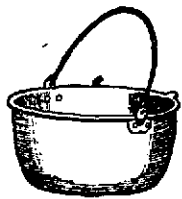

(By United Press.)  
Connorsville, Ind., August 25.—Owen McKee, Eugene Helm and John Moran of Rushville, were held in jail here today on intoxication charges following an escapade here in an automobile belonging to Mrs. Patrick Moran and family of Rushville. They ran into vehicles at the fair grounds and were arrested this morning in this city shortly after complaints came to the police from the fair ground. A policeman brought them to police station just after a long distance call had been received from Rushville asking that they be held. The car was sent to a garage for repairs.

### RUSS ADVANCE RESUMED

(By United Press.)  
London, August 25.—The Russians have resumed their advance on the entire Caucasus front, following the recapture of Mush, said a wireless dispatch from Petrograd today. The Turks are retreating. Bitlis.
